Re: QSC Fall Trap League

Sign up now!!!

Come up to shot gun and have some fun.

This will be round 3 at a QSC trap league. We have had some encouraging interest in trap shooting and want to take it to the next level and see how far we can go. If you are interested in a beginner "clinic" contact Dave atwwet@verizon.net to get enrolled in one. Next clinic August 12.

For the league each is required to shoot 6 rounds (150 birds) and then a final 100 bird shoot off at the end of league cookout.

First 75 birds will establish handicap for the shoot off.

If a shooter does not complete all of the first 150 they can still compete in the final to win (no handicap)...and eat and at least shoot (the breeze) with like minded folks.

Cost \$30 to cover prizes and cookout + \$4 per round for the usual club fee. OR buy a 10 round card for \$30 cash.

Sign up in the club house and start shooting . (Until Rayna has your money you aren't serious :) We will need a phone and email to keep you informed. Put it on the sign up sheet in the club house.

League begins NOW and shoot off / cook out will be November 12. We will also use that day as a TOYS for TOTS day. Bring an unwrapped toy and your birds are free.

Shoot when you want and record your scores in the club house.

Project league champion (determined at shoot off) high gun (gross score), high ladies/ high junior (under 18).

Hope to see you.

BTW. If trap is not open SAY SOMETHING and the RSO will set up for you.

Our new voice release system (VR) is GREAT so you are able to shoot without the need for a "puller." While not as much fun it is now possible to shoot trap all by yourself.
